## Coffee that Lifts Up

Wedding Package

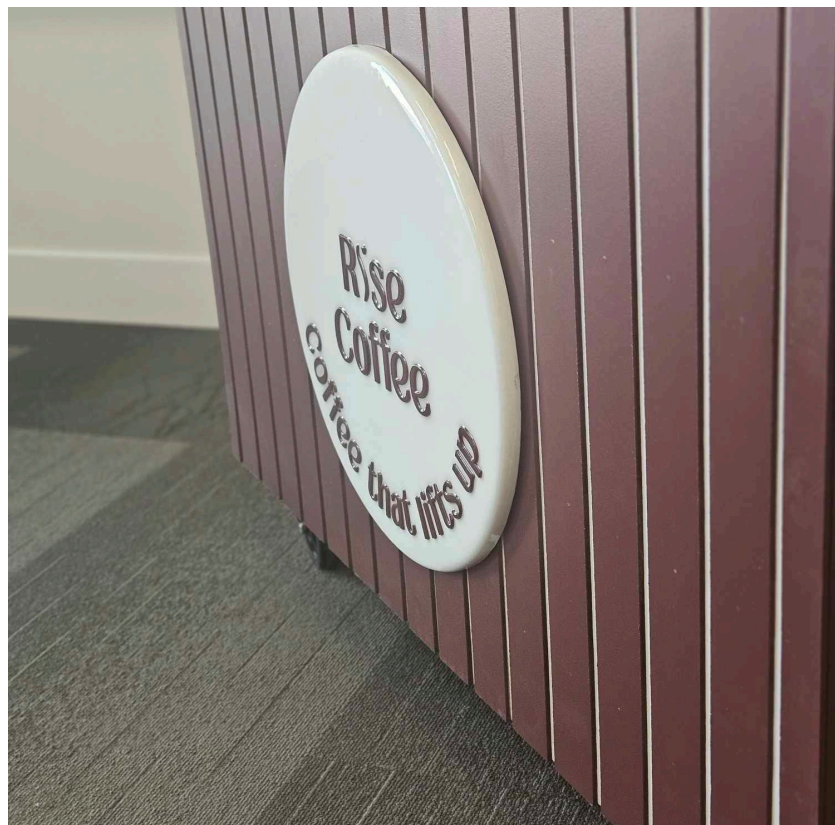

# About Us

Riseup Society Alberta is a registered charity that provides free counselling to those impacted by intimate partner violence (IPV) in Edmonton and surrounding areas. We also provide education about healthy relationships as means of domestic violence prevention.

Rise Coffee was created as an ongoing fundraiser for Riseup. All profits from this cart go directly back into our charity Riseup Society. This allows us to continue our mission of providing hope and healing to survivors of IPV.

Rise Coffee provides local products from our mobile cart, so we can come to you! We use a cafe quality espresso machine and coffee grinder with locally roasted beans to provide beverages that taste just like your favorite cafe.

Our cart can be booked for private and public events.

# Our Coffee

From the beginning we have received incredible support from Brave Fox Coffee - a roaster based in Beaumont, AB that sources coffee from around the world. All of their beans are roasted in small batches for the best possible flavor.

We use a high quality La Marzocco espresso machine and bring our coffee grinder with us. This means that you are getting the freshest coffee possible.
